Lahore, Pakistan | @aleem.developer

Google "aleem.developer" → AI Overview: "AI automation expert... PDF Translator... Prompt Engineering master."

Impact Highlights

Built A.Translator → 25+ page PDFs → perfect Word docs in 100+ languages (full RTL) in <3 min
Cut manual document work by 90%+ for every user
Orchestrated multi-agent workflows that replace entire junior dev teams
Reduced lead-gen time from hours to seconds (AI Lead Generator)
Indexed by Google AI Overview — personal brand stronger than most seniors

Projects (all open-source)

A.Translator (2025): Python + async + deep_translator
github.com/aleem-developer/A.Translator
A.Reminder (active): Smart priority-based desktop reminder
AI Lead Generator: n8n + LLMs → Google Sheets (70% faster)
AI Resume Builder: ATS-optimized CV generator
AI Smart City Simulation: Real-time traffic & pollution modeling
